### Consultant

present

As sole proprietor, my involvement encompasses all aspects of a project from securing the contract to delivery. Most clients are small to mid-size businesses with needs ranging from complete branding and web development, custom web applications, CMS's, Events and Membership management, to Facebook, Google and other API integrations, to e-Commerce, to occasional HTML emails. Usually built on the LAMP stack (PHP/MySQL/Apache/Unix), native Javascript and/or jQuery, AJAX, HTML5, & CSS3 – for both desktop and mobile platforms.

Clients include Princeton Internet Group, Inc., Rutgers University, Mercer County Realtors, Downtown Bordentown Association, among others.
